

As 'Ashby winter league lead switches back and forth, it is...

# Set to go all the way to the wire!

**WITH one round to go Castle Ashby's winter league title is there for the taking by any one of three teams!**

And with the lead see-sawing back and fourth week by week, it has become a real nail-biting bodice-ripper of a matchfishing epic.

Maver MK have taken the series lead by a single league point as previous top-dogs Guru crashed and burned into bottom-but-one spot on the day, Sunday – putting them a point behind MK overall – with the old geezers of 'Ashby Youth' now third overall and only two points adrift of Guru.

But RAF were also doing victory rolls as they won on the day, five points clear of MK and seven up on Black Horse – and their Steve Reid made top individual with 57-12. MK's Rolly McEneaney had 53-10 and Guru's Nigel Fawkes 52-6.

At the other end...'Ashby's 'A Team' finished last on the day and are last overall.

● IT may be past its summer peak, but Stanwick is still producing a steady flow of 20s. This week saw Ben Possinger bank a 22 with Ryan Leeder getting a 21 and Gaz Keating a 20-4.
