

As carp across the county start to get their heads down...

# Venue does three 30s in a week!

**M**ORE and more carp have been on the feed this week – a list headed by **THREE 30s** from Stanwick.

Best of those was a 37 common banked from Nelson's by Ady Priest, while Dusan Kovacik had a 31-8 from Mallard – plus a 20 – and Chris Knight a 30-8 from the same lake.

Those getting 20s from the complex included Jason Green a 26-8, Mark Pitcher a 21lb mirror, and Simon Parker a 21-4.

And across the county, on Drayton Reservoir, Peter Bean had 23 fish including two 20s.

● **SMALLER** brown fish were feeding with gusto at Meadowlands, too, where Max Higgett won the Tuesday open with 178lb, chased by Dean Young on 153-12 and Wayne Sharman 143-10.

● **BISHOPS** Bowl's Walworth Lake has a new record after Jack Harness won an open there with 110-4 of carp. Steve Alison had 76-8 and Steve Bull 76-4.

● **BUT** carp weren't the only species on the munch...and in an MKAA league match near Bletchley, the top five totalled more than 120lb of bream – from the CANAL!

The winner had 44-12 with Damien Green and Tom Graney (both out for town's Browning crew) third and fifth with 21-13 and 15-4. Browning blue are laying third.

● **AND** on Ringstead trout water a 9-8 rainbow was only the beginning of Bob Symes' joy...as the tagged fish won him the £704 prize kitty. Four other tagged trout are swimming about in there and a new kitty is building up nicely... Don't forget to put your quid in if you go – you have to be in it to win it.

● **GILDERS'** Dan Todd had a flush of tench to 4lb+ at Napton, though the water has yet to hit top form.

● **WHEN** Abington netted the park's bottom lake, with Environment Agency help they came across a 'surprise' shoal of bream, fish which have been transferred to the top lake.

● **THE** Towcester & District club (Astwell, Bairstows, Silverlake, canal and Tove holdings) has fixed ticket prices for the coming year: £35 adults and £25 concessions, available from the usual sources.
