

'King of Bradwell' Redek shows how to crack tough-nut venue

BRADWELL Lake can be far from the easiest of waters to fish...but 'Redek' has been making it look like a piece of cake - bagging a string of specimens.

Thursday night through to Saturday he landed a string of bream to 12-8 - including the 11-7 pictured - plus several tench to 7-1 and the magnificent 2-3 roach also pictured, which eclipses the 2-1 netted by Pete Seidler a day or two earlier and also reported through Willards.

■ WORD through the Tackle Hub is that Willen's carp were on the move over the weekend with one rod getting at least five good doubles/early 20s, while over on Parc Farm 1, an angler reported through Great Linford Tackle that he'd had a 34lb common and 'AJ' reported through GoneFishin that he'd had his seventh 30 of the season from the complex.

■ THAT man Redek again, this time with an 11-7 bream caught during a 48 hour stint on Bradwell Lake
