

Ringer bros through to 'grand final' thanks...

To Phil's six-ounce perch!

ONE six-ounce perch was all Phil Ringer could catch in Sunday's Ferry Meadows pairs...but that little fish had him rolling on the bank in delight!

For while his bro' Steve did all the work stuff netting 31-5 of slab bream from Overton (second on the day), Phil's little stripy thing was enough for eighth on Gunwade.

And that put them second pair overall – and through to Peterborough & DAA's 'grand final' in the autumn.

Such was Phil's delight that he posted social media 'trophy' pictures of himself holding the little fella up to the camera, while grinning from ear to ear.

Sunday's sell-out 50 pegger had seen Nigel Baker top weight (no pay-day for that) with 52lb which helped him and Phil Gimbert to top pair spot and places with Phil and Steve in the final.
