Petition against use of Furzton Lake by dragon boats

We the undersigned are against any further use of Furzton Lake by dragon boats.

Until the arrival of this noisy and disruptive activity, Furzton was the only large lake in MK's parks left undisturbed by surface craft and their crews.

Now that peace and tranquillity is being ruined by their presence.

Dragon boating also interferes with the established sport of angling on Furzton and, under some circumstances, results in a serious safety risk to the paddlers from anglers' flying leads and hooks.

We therefore respectfully request that dragon boating cease to be allowed on Fuzton, and suggest the Blue Lagoon or Tongwell would be more appropriate venues.
